Radiology and Teleradiology  
Services

## Diagnostic Imaging Solutions from Experienced, Reliable Professionals

Radiologic Associates, PC, the premier radiology group of the Hudson Valley, has been delivering world class imaging services to the tri-state area for over 50 years. We currently serve five hospitals, as well as multiple out-patient diagnostic imaging centers and multi/single specialty physician practices.

Our radiologists have been trained at some of the most advanced medical institutions in the country; places such as Johns Hopkins Hospital, Yale New-Haven Medical Center and The Mayo Clinic.

We're proud to say our radiologists infuse the most current medical developments in Diagnostic Imaging into a wealth of training and experience through participation in continuing medical education. This ensures our doctors are current with the most cutting edge advancements in the field.

With a combination of extensive medical training, vast experience and the most state-of-the-art PACS system in the industry, our radiologists deliver the highest level of patient care in Diagnostic and Interventional Radiology. Our superior level of technology and staffing enables us to provide 24/7/365 days support.

## Board Certified, Subspecialty Trained Radiologists

Our radiologists are all Board Certified by the American Board of Radiology, The American Osteopathic Board of Radiology or the American Board of Nuclear Medicine. Many have also achieved subspecialty certification in their field. Our radiologists are also fellowship trained; this allows Radiologic Associates to ensure patient studies are read by the radiologist with the training and experience most appropriate for that study, leading to more accurate diagnoses.

### Radiologic Associates provides services and subspecializes in:

- Neuroradiology
- Musculoskeletal Radiology
- Pediatric Radiology
- Vascular & Interventional Radiology
- Nuclear Medicine
- Women's Imaging
- Teleradiology
- Late Night and Overnight Coverage
- All Modalities

## Radiologic Associates... The RIGHT Imaging Choice for Your Hospital or Practice

*Why do our affiliates trust Radiologic Associates for their imaging needs?*

### Our physicians are:

- Board Certified
- Subspecialty trained
- Trained at leading medical institutions
- Current with the latest advancements in Imaging
